Do you have a day/time we can hold for a meeting prior to your leaving on vacation? We will be conducting first round of ambient air sampling and the indoor air sampling summer event while you are out. Before you leave, I want to make sure we have a follow up to our August 21 meeting to discuss any remaining discrepancies.

Hi, Chris. Wow-that's a lot. I'll try to accommodate best I can. I have a lot of travel and training packed in the next few weeks so please bear with me. Just fyi-I'm out of the country/off the grid on vacation 1-14 Sept also, where I won't be able to check email.

Hi Lynn – Please plan on at least 5 in person meetings (not including the technical meeting) between now and the end of the calendar year to discuss Area 40. Thanks! Chris

Hi, everyone.

Daewon and I have to plan out our travel and training early for the remainder of the FY. If we have one day of technical meetings in Sept, can we shoot for Thurs, 21 Sept? If we need two days for tech meetings, could we please have the groundwater meetings on Weds, 20 Sept and the A40/VI/OU7 meetings on Thurs 21 Sept? Please let us know if that would work for you.

Thanks,
Lynn
